Wonder Free!

Wonderapp will support you when you start using the hormonal coil. It allows you to track your menstrual bleeding and record how you are feeling. Your GP or family planning clinic will provide you with information before you start using the app.

Download Wonder for free today!

Open your smartphone's camera on the above relevant QR code, or search "Wonder IUS" on google play or the appstore.

When Wonder App asks for the name of your coil enter 'Kyleena'. This will give you access to all the features of the app.
